Hold The Farmers We Have

Active Immigration Policy
Opposed by W.G.G.A.

Saskatoon, Jan. 29.—Suggesting that it was of more importance to devise a means of keeping the settlers we have rather than to support an active immigration policy which must take necessarily depend on at least some misrepresentation of facts in order to be effective, and which could only tend to aggravate our present adverse economic position, Mrs. John McNaughton presented her report on immigration at the Saturday afternoon session of the W.G.G.A. convention here.

Mrs. McNaughton further declared that a cent of the present agricultural population would solve our immigration problem quicker than any other method which could be devised.

Included in the report was a brief summary of the passage plan for securing domestic help for farm homes, which plan, as formulated by the Saskatchewan government, has continued to work satisfactorily. The women's section of the W.G.G.A. was to a large extent responsible for the plan being brought into existence and has been closely identified with it since. A closely identified with it since. A closely identified with it since. A closely identified with it since.

Hudson's Bay Route

Ottawa, Jan. 29.—Sir Henry Thornton returned to Ottawa last night after a ten-thousand mile tour of the Canadian National railway in which he occupied 31 days. He was filled with enthusiasm with what he had seen, and with hope for the future of the lines over which he presided.

With regard to the Hudson's Bay railway, he said that the route was not to be lifted at present or at all, until a thorough examination into the merits of the proposition should have been made. Questions concerning the attitude of the Canadian National towards lowering of rates westward to the Pacific, which it was suggested might be easy because of the fact that it had earlier granted the C.P.R., he said that while he was not prepared to make any statement which could be construed in one way or another, it was a fact that the rate making had to be considered as a whole, rather than in sectional way, and while the Canadian National might be able to operate more cheaply than its competitor in one part of Canada, the reverse might be the case in another part, and pushing competition to the utmost might be a two-edged sword.

Brownlee Will Not Resign

"Any report that I am resigning at the end of the present session is mere idle rumor," said Hon. J. E. Brownlee, when asked today as to a story which is being circulated among legislative corridors to this effect.

"Furthermore, all the talk that there has been at times, as to split between various members of the cabinet and myself is likewise untrue. Though it may have been true at the first session, to a certain extent, that the work devolving upon me as the only lawyer member of the cabinet was extremely heavy, it is not the case now, and I am entirely satisfied."

There was a session of the government supporters, following which rumors of a split were again denied abroad, but this rumor also included in the attorney-general's official report within the administration.

"During the six years in which Attorney General Brownlee and myself have worked together, we have pulled along with the utmost harmony," said Premier Greenfield today, in speaking of the rumor that the attorney-general would resign after the present session.

"As to reports of cabinet splits," added the premier, "I can only say that the members of this cabinet have from the very first worked in the most perfect harmony. There have, it is true, been differences of opinion among us as to various questions, but these have always been discussed in a friendly way, and always carried on discussions with the utmost harmony, looking only to the best manner in which we ought to dispose of the various matters before us for consideration."

Provincial News

About 1200 miles of telephone extension and construction work will be undertaken during the coming season, according to Hon. W. Smith, minister of railways and telephones. There is sufficient material now on hand for this work, there is an amount of nearly \$200,000 remaining from last year's appropriation with which to carry out the work. Hence it will be unnecessary for the legislature to vote any new money for this particular work.

It has been announced by Premier Greenfield that there will be no additional tax schemes introduced by the government this year.

The provincial department of agriculture is now all set for a seasonable amount of winter seed, which farmers have shipped to the government grain plant at Edmonton on the co-operative plan. The price being asked for the seed wheat is \$1.25 per bushel and the price for the oats is \$1.25 per bushel.

Formation of a corn growers' organization to carry out the plan of growing corn next year on summer fallowed land, was formed in Calgary, with 250 farmers as members and with W. D. Triggs, of Grimsby, as chairman.

In the Canadian wide butter competition for the "Blanc" prize, held at Truro, N.S., as champion of Alberta butter from the R. C. D., at Edmonton, won first prize in competition with the dominion.

Alberta, through Premier Greenfield, has extended an official welcome to the large convention of the "Church of the Brethren," which will be held at Calgary the coming summer. Several thousand will be in attendance.

Duncan Marshall Gives Advice

Port Arthur, Ont., Jan. 29.—The dignity of farming as a profession and the farming problem's were stressed by Duncan Marshall, commissioner of agriculture for Canada, in addresses before the Port Arthur Chamber of Commerce and the Port Arthur Chamber of Commerce on Saturday.

To overcome the practice of growing wheat alone on an extensive scale, whereby certain grain-growing chances were taken, Mr. Marshall said he felt like favoring a man to farm more than 10 acres. The trouble with farming in Canada, he thought, lies in the fact that men are trying to farm too much, sometimes making a bad job of it. The reduction of farming lands would not, he said, reduce wheat crops or farm produce as it would tend to make the crops better.

To make the crops better, a man must take the basis of good stock as a basis. The man with poor stock is just setting himself back.

Canada needs agricultural education, he said. The boy and girl of the country should be given the opportunity of studying agriculture in their daily school life. Salvation is promised, he believed, to boys and girls of farms who are made to understand that it is joy and a pleasure to farm and not a drudgery to take care of good livestock.

SAD STORM IN THE SOUTH

Calgary, Jan. 28.—Driven by a 25 miles per hour wind, one of the worst blizzards in recent years raged in the city all day and at a late hour last night the fury of the wind, driving heavy snow before it, was unabated. The temperature was dropping with every indication that the storm would continue through the night and probably tomorrow. Trains were delayed, street cars impeded, and pedestrian and automobile travel rendered extremely difficult by the high winds and great drifts of snow which piled up during the storm. Although not general throughout Alberta the blizzard raged for many miles east of Calgary.

Rutherford

The Rutherford Ladies met at the home of Mrs. Wm. Mullins on January 17th, being the occasion of their annual meeting and re-election of officers for the year 1923.

The talent money was called in, the amount totalling about \$25. This money was received from nine members, who increased it from 10 each in one year. We feel greatly encouraged, as this money was made in a manner strictly in accordance with church rules. During the coming year the ladies are planning with 25c each.

The following officers were elected—President, Mrs. Wm. Mullins; Vice-President, Mrs. W. Ormer; Treasurer, Mrs. D. C. Walker; Committee for work, Mrs. Sayers, Mrs. J. Ormer, Mrs. Mills.

A vote of thanks was tendered to Mrs. H. Sayers, our retiring president.

Next place of meeting, Mrs. A. Mills.

Remove Immigration Restrictions

The second session of Parliament under the administration of Hon. W. T. Mackenzie King is now in progress. It has been recognized as a long session with many important subjects for consideration, including Canada's relations to the Empire and foreign affairs, the Bank Act, grain marketing, trade treaties, a reconstruction bill, railway policy, immigration, development of natural resources, export duties, and so on.

Admittedly these are all big and vital questions, but to the close student of present day conditions and problems in Canada and the world, the most important question arises: *What is the purpose of the session?*

The present Immigration Act is a product of the war and after-war conditions. It is obsolete. Canada's trade relations with the world are changing, and the statute books need to be revised to reflect the new conditions of the world.

The present Immigration Act is a product of the war and after-war conditions. It is obsolete. Canada's trade relations with the world are changing, and the statute books need to be revised to reflect the new conditions of the world.

The President of the National Railway is reported with the Immigration. He has just returned from his tour of inspection in the United States. He has just returned from his tour of inspection in the United States. He has just returned from his tour of inspection in the United States.

What? Because one, and only one, strongly recognized group in Canada is the Immigration. This is a group of people who are not only in Canada, but are also in the United States. They are a group of people who are not only in Canada, but are also in the United States.

Organized labor faces the Immigration of farmers and agricultural workers, but supports the Immigration of farmers and agricultural workers. It is a group of people who are not only in Canada, but are also in the United States.

The disparity between the returns by the farmers as a result of long hours and unremunerating labor, and those received by organized labor, is as great as the disparity between the returns by the farmers as a result of long hours and unremunerating labor, and those received by organized labor.

The whole of Western Canada is feeling the adverse effect of this condition. Unemployment is increasing, and the Government is feeling the adverse effect of this condition. Unemployment is increasing, and the Government is feeling the adverse effect of this condition.

By the time the Government has decided to take action, it will be too late. The Government is feeling the adverse effect of this condition. Unemployment is increasing, and the Government is feeling the adverse effect of this condition.

Indians Increasing. The American Indians are not, as most persons suppose, a dying race. They are now more numerous than ever before. They are now more numerous than ever before. They are now more numerous than ever before.

Tourists Anxious To Visit King's Tomb

Extravagant Prices Being Charged at Hotels in Luxor, Egypt

Never, at least in modern times, has the Valley of the Kings presented the scene of confusion it does today. The discovery of King Tutankhamun's tomb by the expedition headed by the Earl of Carnarvon, has converted the desolate ruins into a veritable resort for tourists, literateurs and archaeologists.

Streams of visitors are arriving at Luxor and all are anxious to be present at the opening of the tomb of the Pharaoh, which is believed to be the tomb of the Pharaoh.

The British, United States and French archaeological expeditions, which hitherto have enjoyed unobstructed access to the tomb, are now being excluded from the tomb.

Children Cry for Fletcher's

Castoria is a harmless substitute for Castor Oil, Purgative, Drops and Soothing Syrup. It is pleasant, it contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food, giving healthy and natural sleep. The Children's Comforter—The Mother's Friend.

Fletcher's Castoria is a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for babies. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought this remedy before the public after years of research, and no claim has been made for it that it is useful for over 30 years has proven.

What is CASTORIA? Castoria is a harmless substitute for Castor Oil, Purgative, Drops and Soothing Syrup. It is pleasant, it contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food, giving healthy and natural sleep. NOTICES
OF
TOWN AND
DISTRICT

Local News.

Town meeting on Friday evening. By there.

Mrs. A. Lawrence, of Lamour, N.D., is visiting with her daughter, Mrs. George Mathers.

Mrs. Geo. E. Bowler returned from a visit to Ontario on Monday.

Miss Pearl Ebert, of Red Deer, visited with Mrs. J. G. LaFrance over the week-end.

Rev. H. Middleton, of London, England, has assumed charge of the Baptist church, Ponoka.

Frank Lane attended the masquerade ball in the Macdonald Hotel, Edmonton, on Friday evening.

Miss Marie James has taken a position under the provincial government in Edmonton.

Dr. and Mrs. T. C. Smith entertained a number of young people at their home Friday evening.

S. R. R. is spending a few days with friends in South Edmonton.

Mrs. Geo. Garbo and Mrs. A. A. Graham were in Edmonton the week-end.

Mrs. D. R. Morgan, Mrs. W. J. DeWille and Miss Clara James were among the Ponokites who greeted the Edmonton Ice Carnival with their presence last week.

Dr. Cook and T. A. P. Froese evidence at the Dutch man's trial, held in Calgary last week.

J. G. LaFrance received the sad news on Friday evening of the death of his oldest brother, a Walkerton, Ontario. He was taken ill with acute pneumonia and was only a few days ill.

Walker Lorenson has opened a dairy, and commenced delivery on Tuesday. Parties dairying will soon communicate with Mr. Lorenson or phone 2346.

Sunday's storm wrought mischief with our roads, and the mail routes are having trouble in making their rounds.

Sunday morning brought a change in the weather. Cold and snappy with flurries of snow. But there is no complaining; the first of February.

The provincial sanitary inspector was in town on Monday, and besides visiting several farms in the neighborhood, took samples of the Battle River water north with him.

The Ponoka Hockey Club have arranged for a dance in the Empress Theatre on Wednesday, Feb. 7th. The club are making a great effort to put on the best dance of the season. The supper will be attended to by the ladies, and the music will be furnished by Bon's Red Deer Orchestra.

At the Empress this week—Matinee on Saturday afternoon at 2 p.m., Pola Negri in "Passion." A nine-act production "Equus Comedy"—brisk, catching, thrills. Admission—25c and 50c (including tax) Thursday, Feb. 1st, "Angel of Crooked Street" featuring A. O'Hara.

E. L. Jenkins has purchased the H. J. Halcom farm, in the Asker district, for \$5000.

The better market shows slight improvement, and the creameries are paying 35c, 35c, 35c and 27c off grade.

A. Mullins sale, advertised for for Monday, the 5th, has been postponed.—D. A. Morrow, Auctioneer.

Don't miss the missionary moving pictures, in Union Church, on Tuesday, February 6th, at 8 p.m.

McKenzie—On Thursday, Jan. 25, at Parkview Maternity Hospital, Edmonton, to Mr and Mrs J. T. M. Laid, a son.

Four risks of Ponoka earlier: costs of the Watkinson club Friday evening. As usual the visitors had a splendid evening and enjoyed the two games played. Half of time the ladies served lunch—hot coffee, sandwiches and cake, and the best of friendship prevailed. The result of play showed that Watkinson had the better of the encounter—57 to 79 in their favor.

The annual town meeting was called for Friday evening, but due to a lack of interest or want of publicity, only three taxpayers put in an appearance. The meeting was postponed till Friday evening as advertised in this issue. There should be full attendance of both men and women. Turn out and learn how our town is being governed financially and morally.

Nominations of the town council and school board will take place on Monday, February 5th, between the hours of 11 and 12 a.m., at the office of the secretary-treasurer, in the town hall. There are three councillors to be elected—Messrs. O'Brien, Pennington and Marshall go out by rotation, while Messrs. Durkin and Cummings retire from the school board. The elections will be held on Monday, February 12th, and it is hoped the taxpayers will take an interest in the town's affairs before polling day.

Ponoka was well represented at the Dairy Men's Convention, held in Calgary last week. They were—W. C. Bayler, Grant Paulsen, H. E. Kelling, J. N. Sparks, W. J. Goodwin and W. R. Harris. The convention was a success in every way, and several instructive addresses were given. A great deal more dairying will be undertaken in this district the coming year.

Fur Coat for Sale—Man's good Coon Fur Coat for sale. A good one. Herald Office.

See W. E. Turner for steamship tickets to any part of the world. Also prepaid tickets from all points in Europe.

Mrs. M. L. Nelson is selling preserved Barrel Roast Cockerels. Laying strain. \$2.50 each. R. R. 1 Phone 2293.

M. Mckenzieburg, eye specialist, will hold the Royal Hotel on Monday and Tuesday, February 12 and 13.

Improved Wonder

It's a Fanning Mill

Yes, and more than that—it's a Separator, a Cleaner, and a Grader. It's all that a Fanning Mill should be.

The IMPROVED WONDER Fanning Mill is all that the name implies. It's a wonder in cleaning and separating all kinds of grain. As a wild out separator it is unequalled.

Possible To Establish Lower Grain Rates Says Sir Henry Thornton

Winnipeg. Modifying the statement regarding grain rates by much when last in Winnipeg, Sir Henry Tassell, President of the Canadian National Railway, declared the board of directors must endeavor to establish such conditions as would enable farmers to market their goods in successful competition with producers elsewhere, but at the same time they must see the rates were such as would permit the railways to be operated at a reasonable profit, when speaking at a banquet tendered him by the Board.

The critic might say that was impossible, said Sir Henry, but he asserted that it was possible. "I am not a farmer," I do not believe that. I believe it is possible to establish such a rate for the transportation of grain and other products from the farms of the farmer and manufacturer to the consumer successfully with our imperial railway out of bankruptcy.

Urges Russia to Prepare

Reds Must Have Large Army and Navy Says Kalinin

Moscow. Russia must be prepared and carefully watch the attitude of the world powers toward her at the present time and to the future, said the All-Russian Central Executive Committee, in addressing thousands of young communists at a Moscow meeting here.

"If anyone upon Germany is to be attacked, we must be ready to attack on our attack on the laborer."

tioned the equality being shown by England, who has demanded free passage, at Lausanne, for our British warships through the straits. This is also directed against

To Fight Drugs

Wintrop. — Advocating establishment of a Government department which would deal with the matter by institutional treatment the council of the College of Physicians and Surgeons at Montreal has passed a resolution urging the Dominion Government to take steps to stop the poisonous use of narcotics.

Responsibility Mean Situation

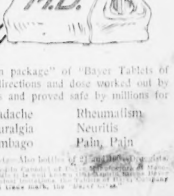

see it is cleaned up. So far as ex-
cesses of the peace conference are con-
cerned let us get the attitude out of
our mind that it was the ineptitude
of the peace conference which led to the
present difficulties. These difficulties
had their roots back in years, decades
even centuries, prior to 1914."

In speaking of the Fascist move-
ment in Italy, Sir George said:
"I think it is one of the most signifi-

seen. It may turn out all right, but what a comment it is on all the careful work of centuries in building a constitution. No one knows what that example may lead to in other countries of Europe."

Sports Night at Ponoka Rink

THE PONOKA HOCKEY CLUB

have arranged for 4 Sports night

WEDNESDAY, FEBRUARY 7

The programme will start at 7 p.m., and will include Ladies' Hockey Match. The High School Girls will play the Public School Girls, and a game is arranged for the boys. There will be races for the Ladies and several races for the Girls and the Boys. Suitable prizes will be given for the above events, but no special prizes are being offered for costumes.

ADMISSION FREE. A Silver Collection will be Taken

Here and There

Fort William, Ont.—The Canadian Pacific Railway has, to date, shipped more than 100,000 bushels of grain more than during the corresponding period last year. This season's shipments have already totaled 425,000 bushels, compared with 246,252 bushels on the same date last year, a very encouraging trend.

St. John, N.B.—The Canadian Pacific Railway has, to date, shipped more than 100,000 bushels of grain more than during the corresponding period last year. This season's shipments have already totaled 425,000 bushels, compared with 246,252 bushels on the same date last year, a very encouraging trend.

London, England—Shareholders of the Canadian Pacific Railway have been informed that a dividend of 10% will be paid on the common stock for the year ending December 31, 1924. The dividend is payable on January 1, 1925, to shareholders who have their shares registered in the name of the shareholder or to the order of a broker or other agent.

Golden, B.C.—The provincial government will commence work on the Golden-Trail road early in the spring. It is estimated that the road will be completed by the end of the year. The road will be a toll road, and the toll will be 10 cents per car, and 5 cents per horse-drawn carriage.

Ottawa—The "Ottawa Journal" has been reading a statement which is being made by the Ottawa Police Department. The statement is that the Ottawa Police Department has been informed that a large number of people are coming to Ottawa from the United States, and that they are bringing with them a large amount of money.

Calgary—The Calgary Police Department has been informed that a large number of people are coming to Calgary from the United States, and that they are bringing with them a large amount of money. The Calgary Police Department has been informed that a large number of people are coming to Calgary from the United States, and that they are bringing with them a large amount of money.
